**USPA NEWS** - President Trump is Worthy & Long Overdue the Nobel Peace Prize.

A new dawn on the horizon of the world has begun.

Shazada Hayat President UICF (UK) and international community welfare campaigner, has supported and campaigned in 2024, to see Donald Trump elected as the 47th President of United States of America. Shazada Hayat, an influential lobbyist in United Kingdom, is now supporting a campaign for President Donald Trump to receive a Nobel Peace Prize.

I am proud to have campaigned for Donald Trump to be the 47th elected President of the United States. I am equally proud to now campaign for the Nobel Peace Prize to be bestowed on President Donald Trump. The Nobel Peace Prize is long overdue to the worthy contender President Donald Trump.

The United States has paid a catastrophic price for being involved in the Afghanistan conflict for over two decades. Afghanistan became the Vietnam for America. Tens of thousands of American mothers, widows and orphan children saw their loved ones returning home in body bags. The financial cost ran into \$100's of billions. No successive American President had the courage, knowledge or wisdom to bring to an end the carnage of loss of life, on both sides, and destruction beyond comprehension.

S.Hayat went on to say, It took the courage and wisdom of President Donald Trump, who took on the establishment and the powerful lobbies, to bring back the American troops, to be reunited with their loved ones. As a result, no more Americans lost their lives and Afghan lives have been saved. America has also saved hundreds of billions of dollars. The phenomenal saving has been spent on health, education and housing needs of the American public. As soon as Donald Trump was elected President of United States, for the second time, he went to task as President Elect, to get a ceasefire in Gaza. This was achieved just 24 hours before he was sworn in as the 47th President of USA. President Donald Trump has already pledged, that he will bring to an end the war in Ukraine.

This is more than proof and justification that President Donald Trump is long overdue and worthy, of not only one but three Nobel Peace Prizes. The first time around President Donald Trump admittedly made a few errors of judgement and was used, misguided and betrayed by various lobbies inside America and by foreign powers. For President Donald Trump to succeed and become victorious, certainly against all the odds, one can only say he overcame all the obstacles and difficulties, as a result of divine intervention. He has been given a second chance by God.

President Donald Trump has the ability and courage to free America from the clutches of the powerful lobbies, and foreign powers who have enslaved the great United States. In order to make America great again, the chains of the dark evil forces, inside America, must be cut free at last. The only way is to crush the enemies within, the dark forces and the powerful evil lobbies. The evil lobbies are operating at will, in the corridors of power in the USA. If President Donald Trump succeeds in crushing the evil dark forces, the wolves in sheep clothing, only then America can be truly free and a great nation again.

The mission and battle for President Donald Trump is not easy by far and is a tall order. The strong powerful dark forces and lobbies have an iron grip around the neck of America. They have since the Second World War controlled the great American nation. If anyone has a chance to become the greatest President of United States of all times, President Donald Trump is the strong contender. This means he can stand with pride next to President George Washington and President Abraham Lincoln. However,

However, if President Donald Trump allows the foreign despicable tyrants, with their evil dark forces and the lobbies within to control him, then he will go down the same as the evil genocide Ex-President Joe Biden, as the worst President of United States in history. President Donald Trump is the last and only great hope, to not just save America, but save the world from Armageddon and the end of the world as we know it.

He also said I joined the campaign and appealed to the great American public, to vote for Donald Trump as President in the national interest of America. I now urge the peace-loving Kings, Queens, Presidents, Prime Ministers and heads of NGOs to help and support President Donald Trump. He has a political divine intervention sent by God, not just to make America great, but to make the world safe and great again for humanity. To strive for justice, freedom and equality, the very fabric America was created on and symbolised by the Statue of Liberty. We pray to God, to protect President Donald Trump from the influential spell of the evil tyrants around the world,

and also their strong foreign lobbies and dark forces inside America,  
Said: Shazada Hayat.
